

THE EUROPEAN UNION'S CROSS BORDER
COOPERATION PROGRAM

Project:
CROSS BORDER FIRESHIELD

Meeting at the State Directorate for Rescue and Protection in North Macedonia

The "CROSS-BORDER FIREHIELD" project, IPA/2021/429-446, continues with its activities implementation according to the established activity plan.

Representatives of the project team and representatives of the State Directorate for Rescue and Protection (SDRP) in North Macedonia which is part of the institutional setup for the national fire-protection system and also implements IPA CBC MK-AL project titled Development and implementation of a smart and sustainable integrated forest fire management system in the cross-border area (DISSIWMS), held a meeting to coordinate activities and discuss the progress of both projects so far as well as to coordinate the future activities that can be jointly organized and implemented.

During the meeting, apart from the overview of both projects, the technical specifications for the procurement of the fire protection equipment for the fire station in Vrapciste/Bogovinje were discussed and were prepared based to the legal requirements of the country and the practice the SDRP has in purchase and distribution of fire protection equipment for the existing fire protection stations across the country.

Both teams confirmed the importance of joint future activities of the projects implementation, expressing readiness for continual further coordination and cooperation.

This project is financed under the call IPA II, CBC, Europe Aid/170339/DD/ACT/MK
