

THE EUROPEAN UNION'S CROSS BORDER
COOPERATION PROGRAM

Project:
CROSS BORDER FIRESHIELD

21.11.2022
Municipality of Vrapciste

COORDINATION MEETING

Following the already established coordination practice on 21.11.2022 in the premises of the Protection and Rescue Directorate in Skopje, the team of the project CROSS BORDER FIRESHIELD had a coordinative meeting with the team responsible for implementation of the project Development and implementation of a smart and sustainable integrated forest fire management system in the cross-border area (DISSIWMS), also funded by the IPA CBC cooperation Program between North Macedonia and Albania.

The purpose of the meeting was to share knowledge, experience and expertise that will support project teams in the process of projects implementation as well as in projects` objectives achievement. During the meeting, both teams shared information related to public procurement procedures, needs and challenges of the fire-fighting systems in targeted cross - border regions Polog and Elbasan and discussed possible solutions to existing challenges.

Considering that both projects share the same area of interventions, fire protection in the cross-border area Polog-Elbasan, these meetings are recognized as highly important means for overall IPA Cross - Border Cooperation Program North Macedonia-Albania indicators achievement.

IPA CBC funded project under EuropeAid/170339/DD/ACT/MK
